

25 YEARS  
DELIVERING GREAT SURFACES  
Meon Innovation Day - 30th October 2019

# 5 REASONS TO ATTEND MEON'S INNOVATION DAY 30TH OCTOBER 2019

Meon leads talks on industry innovations, new electric line marking products and innovations in cold plastic at event held in Portsmouth, UK on the 30th October.

Industry Seminars

See the machines in action

Practical Demos

On the day deals

## 1. See New Line Marking Machines in Person

In an increasingly digital world, seeing products live and in the flesh becomes more of a challenge for buyers interested in finding out about products from real people rather than chat bots. This event breaks that mould and lets attendees, get up close and even try out machines on the day.

## 2. Be The First To See New Innovations Across The Line Marking Industry

Networking and seminars on MMA cold plastic, practical demonstrations of new industry products including fully electric machines, innovative paints and techniques.

## 3. Seminars On Innovations

Short punchy seminars on innovations currently available, and practical ways contractors and councils can harness them to save money, increase productivity and reduce risk to lives of those working in the road surfacing industry.

#### 4. Exclusive On The Day Deals

Industry breaking deals on surface marking, line dryers and paints available only to attendees.

#### 5. Celebrate Our 25th Year

Our 25th year in business starts with a clear focus on innovation and drive towards new products and solutions for our customers as Highways England Innovation Competition finalists.

Celebrate with us over a wood fired pizza, we'd love to see everyone from new prospects to valued customers join us in celebrating our 25th Year. Free raffle for all attendees to win a bottle of 25 year old single malt whiskey.

Meon are looking forward to celebrating with customers new and old as we anticipate the next 25 years with innovation at our heart.

Gary Spencer - Managing Director Meon Limited

Notes To Editor:

Meon are Highways England the 2019 Innovations Finalists. With a full compliment of new products Meon are boldly innovating and collaborating with councils and contractors alike to create products that deliver great surfaces.

Celebrating our 25 year in business with new products, an increased portfolio of innovative machines and a new Training Centre, our customers are at the centre of our plans for the next 25 years.
